

Taking on major depression one step at a time

Are you struggling with depression?

Are you currently taking an antidepressant but still feel low, lack interest in life, sleep badly, and feel tired every day?

If the answer to these questions is yes, and you are 18-65 years of age, you may be eligible to participate in a clinical research study for depression. For more information, please contact us:

Northwest Behavioral Research Center

770-257-1259

All study visits are at our Marietta location
